Singular Audacity.

"There is one thing in Southern politics which we do not like. It is required of every man who is a candidate for official place, to declare that he holds his obligations to the South far above his obligations to the Union. —*Providence Post.*

☞ Has the sagacious *Post* found out that, all alone—or has it had the assistance of Republican discoverers in the premises? We suspect the latter—not because the *Post* lacks sense or shrewdness, for we think it does not—but it has got hold of this idea of Southern allegiance so very *early*, that it may well excite surprise. It is not over twenty or thirty years behind "the rest of mankind," in making this marvellous discovery; the nature of which, we must do the *Post* the justice to say, it has very accurately stated.

But "what will Mrs. Grundy,"—we mean the *Washington Union*,—say, to this attitude of the *Providence Post*? Will it tolerate, in the leading Buchanan press of Rhode Island, any such language as we have quoted from our neighbor? Will the government organ allow itself and its Southern confederates to be snubbed, by being told what the *Providence Post* "does not like?"—Doubtful. This rebellious partizan had better make haste and 'hau, n his horns,' lest the great federal watchdog at Washington should take after him.

But, seriously, how does the *Post* manage to digest the doings of Mr. Buchanan in appointing so *many* Southern men to offices of high honor and responsibility, if they are all so disloyal to the confederation? What about the *Post's* partisans in the Senate—we mean the Northern ones—who have been so eager to confirm all the President's appointments, no matter in what quarter, nor what the complexion of their sentiments in regard to the union of the States? We do not remember that the *Post* has found any particular fault with Mr. Senator Allen, of Rhode Island or Mr. Bigler of Pa; or Messrs. Thomson and Wright, of N. Y., on this score, though these honorable gentlemen have been aiding and abetting in this offence against the safety of the Union, all the way through.

The truth is, that this "Jordan" of Sham Democratic conscience, consistency and patriotism, must be a "very hard road to travel."

Personal.

A Washington correspondent of a Western paper says, Hon. J. B. Clay, of Kentucky, contemplates making large investments in Cuban property, after the expiration of his present term in Congress.

The difficulty between Mr. English, of Indiana, and Mr. Montgomery, of Penn., has been adjusted to their mutual satisfaction—Mr. English making an apology.

Hon. Killian Miller, a distinguished citizen of Columbia county, N. Y., died in Hudson, on Tuesday. Mr. Miller was a member of the 34th Congress.

Roger A. Pryor, of the Washington *States*, has been presented with a service of silver plate, by his friends in Virginia.

Ex-Gov. Slade of Vt., Secretary of the National Board of Popular Education, died at Middlebury on Sunday last.

Robert Bonner denies the statement in the papers that Dr. O. W. Holmes had declined an offer of $5000 a year to write half a column a week for the *New York Ledger*. No such offer was ever made.

Three eminent physicians of Boston have held a consultation upon Theodore Parker's case, and have come to the conclusion that his disease is pulmonary consumption. He will sail very soon for one of the West India Islands, probably Barbadoes, with the hope that time and relaxation from labor may work a cure. His society will probably take a smaller hall, and continue their organization and Sunday services.

The anniversary of the birthday of Benjamin Franklin was celebrated in Boston by the Association of Franklin Medal Scholars. Mr. Everett, a medal scholar in 1804 and 1806, delivered an address upon the boyhood of Franklin. Gov. Banks, the Hon. Josiah Quincy, Jr., Chief Justice Shaw, and the unscalped English lords were present.

Died in New-Ipswich, N. H., Jan. 16 of lung fever, Mrs. Everett, aged 88 widow of the late David Everett, author of the celebrated little poem commencing

"You'd scarce expect one of my age."

She was the daughter of the late Isaac Appleton of New-Ipswich, one of the first settlers of that town, and sister of the Hon. Nathan Appleton of Boston.

It is stated as a reason why Vice-President Breckenridge boards at a hotel instead of occupying the magnificent residence recently completed for him, that the bulk of his property was swallowed up by the failure of the Ohio Life and Trust Company.

Mrs Lida Dady, born in Amherst, Dec. 12, 1758, a teacher in Leverett and Rowe, Mass., and the first female teacher in Readsboro, Vt., where she has lived more than 60 years, had her centennial birthday celebrated by a sermon and a gathering of several hundred people.

Lemuel Shattuck, esq., a well known statistician and historical writer, died in Boston, on Monday, in the 65th year of his age. The deceased, in 1818, organized in Detroit the first Sabbath school ever opened in the State of Michigan, and was its Superintendent four years.

THE NEXT LECTURE.—The seventh lecture of the course before the Musical Institute will be delivered on Monday evening next, at Music Hall, by Hon. C. C. Van Zandt, of this city. Our lecture loving friends may expect a treat of no common order. Secure your tickets early.

LIBEL SUIT.—We understand that Chief Justice Ames has sued Thomas R. Hazard, Esq., for libel and slander, and that the damages are laid at $10,000. Mr. Hazard is now absent from this city, and we believe from the State, and we learn that his property here was attached yesterday.—The alleged libel is contained in a pamphlet recently issued by Mr. H.

EXTRA BOAT.—The steamer State of Maine, of the Fall River line, proceeded to New York yesterday as an extra boat, the freight having accumulated at that point so as to render it necessary. She passed here about 1 o'clock, P. M.

The Senate Committee on the Post-Office reported Tuesday a bill increasing the rate of postage from three to five cents, and "restraining" the exercise of the franking privilege.

The Senate Committee on Foreign Affairs has resolved to report Mr. Mason's bill giving the President thirty millions ostensibly for the purchase of Cuba.

Thomas F. Goode, esq., has withdrawn his name as a Congressional candidate in the Fourth District of Virginia.

The Clarendon (S. C.) *Banner*, alluding to the landing of a portion of the Wanderer's cargo in that State, says:

"The result of the whole matter will be, that at the next session of the Legislature, steps will be taken more effectually to prevent the importation into our State of savages from the coast of Africa."

The Prairie News, a paper published at Okolona, Mississippi, hoists the name of John J. Crittenden for President, and Wm. A. Shaw of Mississippi, for Vice-President, in 1860.

—The Washington correspondent of *The Boston Traveler*, says, that there is at present some little feeling among the clergy of this city in regard to a step taken by the Speaker of the House, who has stricken off from the list of those appointed to officiate as chaplains of the House and Senate, the names of six of the most prominent, popular Protestant ministers, and supplied their places by those of the six Catholic priests of this city.

The feeling excited thereby is not that the priests are to officiate instead of these gentlemen they have supplanted, but that the Speaker has taken the liberty to add the names of the priests who would not attend this called meeting of the clergy, and that in so doing he has violated the spirit of the resolution of invitation passed by the House, which specified that they should officiate in the order upon which they might agree among themselves. Among those stricken out of the list are the Rev. Byron Sunderland, D D., of the First Presbyterian Church, the Rev. G. W. Lanson, D. D., of the Tenth street Baptist Church; the Rev. F. Swentzel, of the Methodist Protestant Church; and the Rev. Dr. Madal, of the Methodist Episcopal Church. The Rev. Fathers Stone street, O Toole, McGrath, Sestini, and others, supply their places.

XXXVTH CONGRESS.

SECOND SESSION.

WASHINGTON, Tuesday, Jan. 18.

The Senate adopted a joint resolution permitting Mr. Townsend Harris to accept a gold snuff-box from England. A resolution, introduced by Mr. Seward, calling for the correspondence between our Government and Spain relative to the purchase of Cuba, was adopted. The Pacific Railroad bill occupied the remainder of the session. A number of amendments were rejected, and Mr. Bigler's substitute, somewhat amended, was adopted. Finally the Senate, after ordering the bill to be printed, that they might see what shape it now wore, adjourned.

The House adopted a resolution, offered by Mr. Sherman of Ohio, appointing a Committee of Five, to inquire into the truth of charges importing that the Navy Department here and in Philadelphia has been guilty of favoritism in the award of contracts, and has used the public money for partisan purposes.

In Committee, the House struck out the enacting clause of Mr. Cochrane's bill to codify the Revenue laws, and then concurred, as the House, thus defeating the measure by a vote of 108 to 84. Mr. Cox of Ohio, made a speech on the "Law of growth," and the "Genius of our institutions," in which he took ultra fillibuster grounds. He was for the annexation of the whole world, and "the rest of mankind." Mr. Hickman made a speech on the Tariff.

The majority reports of the Committee upon the Oregon bill were presented.

Four Days Later from California.

[By the Overland Mail]

ST. LOUIS, Tuesday, Jan. 18, 1859

The Overland Mail, with San Francisco dates of the 26th ult., has arrived. Two passengers came through.

The California news is unimportant.

Victoria dates are to Dec. 14. Fraser River was frozen below Fort Langley, and it was feared that great suffering would be experienced by the miners in consequence of the cutting off of their supplies.

Major Heintzleman, Indian Agent, had gone from Fort Yuma to reclaim a woman and two children from the Mohave Indians, taken captive from an emigrant train which was attacked on the Colorado last Fall.

The miners were vacating the Gun River gold mines, and the number there is already reduced to about 100.

The Apaches had attacked a train ten miles above El Paso, and killed two men, and drove off the stock. On the same night the Indians attacked a corral in El Paso, and ran off several animals.

Four days Later from Europe!

NEW YORK, Jan 19. Steamship City of Washington, from Liverpool at 11 A. M. of the 5th inst., arrived at her dock here about 7 30 this morning. No steamers from this side had arrived out since the departure of the Niagara for Boston.

The political news by the arrival is meagre, but indicates a disturbed state of feeling in Europe.

At the Emperor's levee on New Year's day, Napoleon addressed the following words to the Austrian Minister: "I regret our relations with your government are not so good as they were, but I request you to tell the Emperor my personal feelings for him have not changed.

The emphatic tone of the Emperor and his animated gestures attracted the attention of the assembled diplomatic corps.

At Vienna a panic prevailed under the rumor that Austria will send troops to Belgrade.

Italy is in a very unsettled state, particularly Lombardy. News from all parts is pregnant with alarm. The steps taken in Lombardy are almost tantamount to a state of siege.

The London *Times*, reviewing the recent official correspondence on the Central American affairs, thinks the American government and its officers are pushing matters very far indeed.

The staircase fell in the Polytechnic School, London, injuring fifty people and killing one.

The Spanish Ministry declare that Spain would never sell Cuba, and protests against the insulting hypothesis to the contrary implied in President Buchanan's message. Olozaga introduced the motion supporting the ministerial declaration, and it was unanimously approved. Spain has obtained full satisfaction from Mexico for the Tampico affair.

Rumors were current of the discovery of a formidable conspiracy at Cracow, with numerous arrests.

All was quiet in Servia.

The Bombay mail of Dec. 9th had reached England. The news is unimportant. A large army of rebels had been defeated by the Commander-in-Chief. The amnesty was slowly but surely thinning the ranks of the rebels, giving promise of early peace. Gen. John Jacob had died of brain fever.

The Melbourne mail of Nov. 16 and £60,000 gold had been received. Ships had sailed for England with 200,000 ounces of gold. Trade dull, especially imports.

LOSS OF THE BRITISH BARK FRANKLIN OF LIVERPOOL.—The packet-ship Manhattan, Capt. Dixon, arrived at this port on Monday, and reports having fallen in with at sea the British bark Franklin, Capt. Young, she being waterlogged and dismasted. Took off the captain and crew and brought them to this port. The following is Capt. Young's statement: Dec. 2, sailed from Pensacola for Queenstown, Ireland. Experienced heavy gales from the south, with a very heavy cross sea. 10th, the ship laboring very heavily, deemed it prudent to throw the deck-load overboard. Up to the 25th, encountered strong gales, most of the time from N. E. to N. W., and at 2 p. m. of the 25th found the ship had sprung a leak, and was then making a great deal of water; being on the port tack, and under very low canvas, wind from N., wore round on the starboard tack with the intention of making a port if possible, but the wind hanging from N. and N. N. W. and blowing so heavy that we could scarcely carry any canvas, it impeded our progress; when the wind moderated and allowed us to steer our course, we headed the vessel for the shore, the ship still making water, and the pumps kept constantly going. On the 3d of January, encountered a very heavy gale from south-east, with a tremendous sea running. It lasted until 1 p. m. of the 4th; then shifting to N. E., and blowing with equal violence until the noon of the 5th, during which time the vessel became waterlogged; at noon less wind: latitude by observation 40° 07', longitude 66° 14'. 6th, light breeze and thick, altered our course for Shelbourne, N. S. (that being the nearest port), in order if possible to save the vessel and cargo; at noon, more moderate and thick: latitude 11° 09', longitude 66° 57' 7th, moderate breezes and thick; noon, latitude by acct. 42° 09', longitude 65° 37', wind. N. by W., steering N. by E 1-2 E., close-reefed the maintopsail, and run her under it with the foresail and foretopsail, the vessel steering so bad, being full of water, that we could scarcely carry any after canvas. At 10 p. m., the wind increasing, the sea beginning to rise, double-reefed the foretopsail and was just in the act of cutting away the mainmast when she gave a sudden roll over to port, at the same time broaching to and filling her port side. She then turned instantly over on her beam ends. There was a very heavy sea running which made a complete breach over her, taking away the house, boats, and everything about her, including most of the spars, and all her sails, leaving her a perfect wreck at the time. My wife Isabel, and son George, aged five years, who were in their bed, were carried off with the cabin, and drowned. All the rest of us succeeded in getting on the broadside. The accident happened about midnight. About 4 a. m. she righted, but nothing was to be seen. Toward evening, the weather became more moderate; got on the starboard side of the deck: the port side and deck beams being all to pieces. We could not find a particle of food or water, and the only thing left was part of the foresail, attached to the stump of the foremast, which we secured in the best manner we could, to protect us from the frost and snow. In this condition, we continued on the wreck until the 10th at noon without food or water, when fortunately, the packet ship Manhattan, Capt. Dixon, from Liverpool for New York, came to our assistance, and took us off. We were in a most deplorable state, being exhausted and frostbitten. One seaman, named James Burns of Brooklyn, perished the second night on the wreck. Capt. Young returns great thanks to Capt. Dixon and officers, for their kindness and attention to him and his crew while on board his vessel, and in risking their lives in taking him off, for he is confident had they remained another night on the wreck, all hands would have perished.

The captain and crew of the Franklin were yesterday morning sent to the Seamen's Retreat, Staten Island, for medical aid, their hands and feet being badly frostbitten.—*New York Tribune* 19th.

The brig Herald, from Pernambuco for Boston, went ashore night of 17th, on Nantucket Beach, about one mile from the Rockland Home. She leaks badly. The crew were saved. The vessel and cargo will be a total loss.

It is expected that the steamer C. Vanderbilt, ashore on Fisher Island, will be got off in two or three days; five hundred oil-casks have been put into her. The whaling ship Rajah of New Bedford, was wrecked in the Ochotsk Sea on the 18th of October, and thirteen persons were lost, among them Capt. Stewart of Fairhaven, Mass., the first mate, Thomas Hamlin of Falmouth, Mass., John Fawcett of Catskill, John Moran of Troy, N. Y., Charles G. Gold of New Bedford, Andrew Delany of New York City, and John Hadly of Northfield.

HAZARD & CASWLL'S

PURE & GENUINE LIGHT STRAW-COLORED MEDICINAL

COD LIVER OIL,

PREPARED FROM SELECTED LIVERS ONLY.

The great remedy for Coughs, Colds, Consumption, Asthma, Rheumatism, Scrofula, Infantile Wasting, General Debility, and all diseases arising from deficient nutrition.

Professor Parker, in the "American Medical Monthly," says:—

"We have had patients use it, who had tried almost every manufacturer's oil, and give this the decided preference. It is easily digested, and does what is expected of it. It is of a light straw-color, has none of the rancid fish odor, but is sweet and pleasant."

Professors Palmer and Gunn, in the "Peninsular Medical Monthly," say:

"We pronounce it to be as free from odor, color and taste, as Cod Liver Oil seemingly can be."

From Professor A. A. Hayes, State Assayer of Massachusetts:

GENTLEMEN:—I have subjected to chemical analysis the Cod Liver Oil prepared and put up for sale by Messrs. Hazard & Caswell, of Newport, R. I. It proves to contain, unaltered, the Iodic compounds, essential to efficiency of action; and in comparison with the finest specimens I have seen of foreign or domestic origin, it takes the highest place.

The importance of having a reliable source from which this valuable remedy, in a state of purity, can be obtained, leads me to recommend, with confidence, this excellent articl

Respectfully,

A. A. HAYES, M. D., Assayer to State of Massachusetts.

The testimony of every Resident Physician corresponds with the opinion of Professor Hayes, viz.:

James V. Turner, M. D., Thos. C. Dunn, M. D., David King, M. D., H. E. Turner, M. D., Daniel Watson, M. D., W. Argyle Watson, M. D., Samuel W. Butler, M. D.

HUBBELL, Chemist, of Philadelphia, says:

"It is unequalled by that of any other manufacturer, for freshness, freedom from taste and odor. It is more efficient than any similar article yet offered."

Our Oil, if not too long kept by the dealer is perfectly sweet and palatable, not requiring to be manufactured into emulsions or jellies, to conceal a nauseous taste, as inferior Oils do.

The testimony of hundreds, to the same effect, can be presented, but any one acquainted with the sensible properties of the Oil will at once perceive its great superiority over any heretofore offered to the public. Be certain to observe, on the label of each bottle, the signature of Hazard & Caswell, and also upon the metallic capsule covering the cork.

Lost Overboard--Suffering at Sea.

NEW YORK, Jan. 20. Schooner Luther Childs of Dennis, Capt. Nickerson, was struck on the 20th ult. off Bermuda by a heavy sea, and Capt. N. washed overboard. Mr. Chase, the mate, and a seaman named Clark, went in the boat to his assistance, but were unable to save him.

Meantime the schooner drifted away so that the boat was unable to overtake her. Chase and Clark remained in the boat five days without food or water, and were finally rescued by the bark Holbrook, from Portland for Havana. There were only 3 boys, who knew little of navigation, left on board the schooner, but as she was in the track of numerous vessels, but little fears are felt for her safety. The Luther Childs was from Philadelphia for St. Kitts, with a cargo of lumber.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY, Solicitor of PATENTS
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST., BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patens or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superor facilities fior obtaining patents

All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.
CHAS. MASON," *Commissioner of Patents.*

"I have no hesitation in assuring Inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.
Boston, February 8, 1853.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART."

From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made, on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

Maryland State Lotteries
R. FRANCE & CO., MANAGERS.

After the exposure of the many Bogus Lottery concerns throughout the country, purchasers of Tickets will of course feel timid in ordering. Those who desire to purchase would be foolish to send money to any Lottery concern without knowing that they will have fairness in drawings and schemes, and feel that the Managers are responsible for prizes.

The Maryland Lotteries have now been drawing over 40 years. Millions of dollars have been drawn in Capital Prizes, from $10,000 up to $100,000, and the fortunate holders, without a single exception, paid.

These are the Lotteries to order Tickets in. The Managers are fully responsible for every Prize sold without any security; and yet they have given Bonds to the State of Maryland, for half a million dollars to secure prize holders. They don't promise you $70,000, $80,000 or $100,000 for $10; but they give you fair and honest schemes, as good as can be made for the price of the Tickets.

THE LIVER INVIGORATOR,
PREPARED BY DR. SANFORD.
Compounded Entirely from Gums,

IS One of the best Purgative and Liver Medicines now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

SANFORD'S LIVER INVIGORATOR.

The Liver is one of the principal regulators of the human body; and when it performs its functions well, the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the LIVER—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with LIVER COMPLAINT, in any of its forms, has but to try a bottle, and conviction is certain.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING the BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured; and, WHAT IS better, prevented, by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently, and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfulls will always relieve SICK HEADACHE.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves CHOLIC, while

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures CHRONIC DIARRHOEA in its worst forms, while SUMMER and BOWEL complaints yield almost to the first dose.

One or two doses cures attacks caused by WORMS in Children: there is no surer, safer, or speedier remedy in the world, as it never fails.

A few bottles cures DROPSY, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

☞ Mix Water in the mouth with the Invigorator, and swallow both together.

THE LIVER INVIGORATOR IS A SCIENTIFIC MEDICAL DISCOVERY, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common Headache, all which are the result of a Diseased Liver.

Price one dollar per bottle.

Joy to the Admirers of A FINE HEAD OF RICH GLOSSY HAIR.

Talk of beauty, it cannot exist without a fine head of hair, then read the following, and if you ask more, see circular around each bottle, and no one can doubt.

PROF. WOOD'S Hair Restorative.—We call the attention of all, old and young, to this wonderful preparation, which turns back to its original color, gray hair—covers the head of the bald with a luxuriant growth—removes the dandruff, itching, and all cutaneous eruptions—causes a continual flow of the natural fluids; and hence, if used as a regular dressing for the hair, will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then upon the bald, the grey, or diseased in scalp, to use it; and surely the young will not, as they value the flowing locks, or the witching curl, ever be without it. Its praise is upon the tongues of thousands.

The agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard to the Restorative, a few weeks since:

DEEP RIVER, Conn., July 23, 1858.

Mr. Levenworth—Sir: I have been troubled with dandruff or scurf on my head for more than a year, my hair began to come out scurf and hair together. I saw in a New Haven paper about Wood's Hair Restorative as a cure. I called at your store on the 1st of April last, and purchased one bottle to try it, and I found to my satisfaction it was the thing; it removed the scurf and the hair began to grow, it is now two or three inches in length where it was all off. I have great faith in it. I wish you to send me two bottles more by Mr. Post, the bearer of this. I don't know as any of the kind is used in this place. You may have a market for many bottles after it is known here.
Yours with respect, RUFUS PRATT.

PHILADELPHIA, Sept. 9, 1856.

PROF WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—in fact BALD. I have used but two half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours respectfully.

Improved Fire and Water Proof

Felt and Composition Roofs,

THE subscribers would respectfully call the attention of persons building, or about to build, to the above composition, which they have used to the entire satisfaction of many persons in this community who have lately put roofs upon old, as well as new buildings of every description. These roofs have been pronounced by Architects, Builders, and others who have a knowledge of their merits, to be of greater durability, and to be possessed of fire and resisting properties to an extent beyond that of any roof now in use. ☞ The materials of which these roofs are composed are not affected by temperature. ☞ They will not expand or contract with heat and cold, like roofs of iron or tin. ☞ The cost is much less than any other fire proof roofing in use. ☞ They are not subject to any jar of machinery. ☞ In case of injury, no roof is so easily and cheaply repaired. ☞ We not only state these facts, but can substantiate them, by referring to those who have patronized us for the last two years, and would request all those who are about to put on new roofs, either to new or old houses, to call upon us before looking elsewhere, when we think they will be satisfied that we can furnish them with the best roof now in use. HOWARD ASSOCIATION.
PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

THE Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a **Charitable Act** worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their form and to give **Medical Advice Gratis,** to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to **Furnish Medicines Free of Charge.** It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their annual report upon the treatment of sexual diseases, for the year ending July 1st, 1858, expresses the highest satisfaction with the success which has attended the labors of the consulting surgeon in the cure of Spermatorrhœa, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the vice of Onanism or self abuse, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important but much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report or treatment, Dr. **George R. Calhoun,** Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.

A CARD TO THE LADIES.

DR. DUPONCA'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully oeacious in correcting regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many others, that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 132 Thames street, corner Churchat eet, and at 12 Washington Square, opposite State House. Orders for the trade so addressed will be supplied at lowest manufacturer's prices. Ladies by enclosing $1 to *STURGIS & CO.*, Box 801, Newport Post Office, can have the Pills sent confidentially) by mail to any part of the city or country a26—

TO THE LADIES—The celebrated Dr Hughes particularly requests all ladies who may need a medical or surgical adviser, to call at his rooms, No. 13 Howard street, Boston, which they will find arranged for their especial accommodation.

Dr. Hughes having devoted over 18 years to this particular branch of the treatment of diseases peculiar to females, it is now conceeded by all, (both in this country and Europe,) that he excels all the other known practitioners in the safe, speedy and affectional treatment of all female complaints.

Dr. Hughes French Renovating or Female Monthly Pills are to be had genuine only at this office.

These pills are unrivaled in efficacy and superior virtues in regulating all female irregularities. Their action is specific and certain, producing relief in a very short time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practised by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders, who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the old doctor at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country, with directions.

The best of accommodations furnished for the sick, with kind and attentive nurses, if they wish, at a reasonable rate.

This office is strictly private, with special apartments for ladies, and is so arranged that it is impossible for patients to come in contact with each other.

In offering the result of his long study and practical experience to the afflicted, he is governed by humanity only, for so long have they been deceived by miserable quack nostrums, that it is time that some healthy mode of practice should be introduced.

DR. DOW'S

GRAND MEDICAL HOUSE AND OFFICE,

NO. 7. ENDICOTT-ST., BOSTON. NO. 7.

Established for the permanent cure of all Private Diseases and the Suppression of Quackery.

DR. DOW, so well known for the last fifteen years in this city, where he has confined his practice to the treatment of mercurial, syphilitic and other diseases of a private nature, is consulted above, from nine in the morning till seven in the evening. Patients must call during office hours. Office not open on Sundays.

All chronic and difficult cases, such as have existed for years, are completely and permanently cured in the shortest possible time by the Doctor's improved course of treatment.

MEDICAL ADVICE.—As it is always important to obtain the services of an experienced and skillful physician call on the celebrated Dr. Dow, No. 7, Endicott street.—*Med. and Surg. Jour.*

DR. DOW will say nothing of his qualifications as a Physician and Surgeon, being a graduate of the University of Pennsylvania Licentiate of the State Medical Society of N Y., and for more than twelve years a practitioner of this city, during which time he has no doubt cured more of those difficult an chronic cases (such as nothing but practica experience can ensure success) than by other physicians in Boston.

By his late improved course of practice, Gonorrhœa, Gleet, Strictures, and other local affections of the urinary and seminal organs, are cured in a very few days without mercury, regard to diet, or fear of exposure.

SECONDARY SYPHILIS, &c.

Scrofulous affections, ulcers in the throat or neck, nodes and caries of the bones, eruptions on the skin, and every impurity of the blood thoroughly and completely eradicated Persons afflicted with any private complaints should call as early as possible after contracting the disease, as much time and money may be saved thereby.

TO YOUNG MEN.—You who are troubled with seminal weakness, generally caused by a bad habit in youth, the effects of which are nocturnal emmissions, pains and dizziness in the head, forgetfulness, sometimes a ringing in the ears, weak eyes, &c., terminating in consumption or insanity, if neglected, are speedily and permanently cured by Dr. Dow.

TO MIDDLE-AGED OR EVEN OLD MEN, whose procreative organs have become inactive or weakened by the excesses of any kind, but especially bad habits in youth, Dr. DOW would respectfully say that from the extensive practice which he has had in treating the above complaint for over fourteen years, he is enabled to guarantee a perfect cure in all cases; that is, a restoration of those organs to their natural and healthy state. Hardly a day passes that he is not called upon to cure the above complaints, and he is happy to say that his course of treatment has invariably effected a speedy cure.

Beware of all kinds of Exhilerating Cordials, as they are of no use.

To the unhealthy, the mere mention of the name of the far-famed and justly popular physician, Dr. Dow, that he can at all times be found at home that he is surpassed by none in curing all forms of disease however protracted, ill-treated, or mercurily affected, is a consolation to his patients, and an honor to himself.—*Balt. Amer.*

All afflicted with private complaints, if possible, should consult Dr. Dow, whose medical education is not surpassed by any physician in the country. In his skill, honor and integrity, all may rely with safety, while most all of the medical practitioners are without honesty or responsibility, their pretensions being grounded in ignorance and assumption.—*Republican Argus.*

There are a great many young men whose cases have become very difficult of cure, either from neglect or ill-treatment. We would advise all such to call on Dr. Dow, of Boston, whose practical experience in certain diseases no doubt exceeds that of any other physician in America.—*Journal of Health.*

Dr. Dow consults with physicians, as usual, on difficult chronic diseases. Charges reasonable.

TO FEMALES.

All diseases peculiar to females, such as suppressions, irregularities, &c., speedily and effectually removed. The efficacy of his remedies for the cure of the above affections, has been well tested in his extensive practice for the last fifteen years in this city, and never was known to fail in effecting a cure where the directions were followed a reasonable time.

RICORD'S, VELPEAU'S CHIVALE'S ACTON'S CURLING'S and the venereal hospital practice of Paris and London. As some persons afflicted with seminal debility and diseases of the Genito-urinary organs may not be aware of the fact, Dr. LARMONT takes this mode of informing them that he is the only graduate in New York City who is exclusively treating and curing these diseases, and whose connection with the European hospitals enable him to adopt the latest and most radical treatment, curing the oldest and most severe cases. All who have been unsuccessfully and barbarously treated with Mercury, Copaiba, Injections, Cauterization, Quack Specifics, Antidotes, &c., will be presented with proofs by Dr. Larmont that he will permanently cure them in the shortest possible time. Patients have private and separate rooms. Those living at a distance can be cured at home, through the express and mail, as well and privately as at the office; as the medicines are convenient, pleasant, and do not cause sickness.

Dr. LARMONT'S PARIS AND LONDON MEDICAL ADVISER AND MARRIAGE GUIDE—20th edition, nearly 400 pages, 100 electrotype pictures, both $1. Sold and mailed to any address, free of postage, by the author, and W. A. Townsend, 222 Broadway.

Among its contents is the anatomy of the sexual organs of the male and female, all the diseases and weaknesses, latest discoverer in reproduction, all the known means of preventing conception, quacks, their recipes and specifics, the author's unequalled Paris and London treatment of Gonorrhœa, Gleet, Strictures, Syphilis, primary and constitutional Emissions, Impotency, &c.—At 22 Mercer street, corner Spring, opposite St. Nicholas' Hotel, New York. J. RUSSELL SPALDING'S

ROSEMARY

Combines everything required to give richness, beauty and elegance to the hair. It removes dandruff, and relieves headache. To force the growth, to prevent falling off, and restore hair to bald places, it has been used with positive success. It is presented to the public in an open, candid manner, stating, as the name indicates the leading ingredients, viz:—

Rosemary and Castor Oil,

both common and well known articles.

The following persons can be found, and are well known. We give a few extracts from their opinions about the

ROSEMARY.

ABRAM A. TRUAN, Esq., Rotterdam, N. Y., writes—"Am 75 years of age, and was bald 35 years; have used two bottles of your Rosemary, and my hair is now two inches long."

REV. SYLVANUS COBB, Boston Mass.—"We had rather pay for it than have other preparations for nothing," &c.

MRS. D. TAFT, Cambridge, Mass.—"Have used your Rosemary with great success in keeping my hair black, as age was turning it fast."

MR. DANIEL B. CONNOR, Boston, Mass.—"Eight months ago I was bald—my hair is now long and healthy—I know your Rosemary has forced it to grow," &c.

FRANCIS ADAMS, Esq., Boston, Mass.—"It is the best thing for children's hair—the ladies are delighted with it," &c.

REV. C. W. DENISON, Buffalo, N. Y.—"I find it excellent for the hair."

MRS. L. SWEENY, Boston, Mass.—"It restored my hair to bald head, and from grey to black color," &c.

BON. C. HUNT, Lowell, Mass.—"To remove dandruff, and keep the hair moist and glossy, we have never found anything so good."

M. HOFFMAN, Esq., (Editor of German Weekly,) Boston, Mass., and his wife Eva, say—"It causes hair to grow rigorously—gives beauty and splendor—is better than European articles," &c.

C. H. STOCKING, Esq. (Trinity College,) Hartford, Ct.—"By using it my hair turned from a sandy to a brown color; it was naturally dry, but i is now moist."

A. F. WOOD, Chemist, New Haven, Conn.—"I saw a fair head of very dark hair on a man that six weeks ago was bald. He had used nothing but your Rosemary." &c.

REVERE HOUSE, Boston, July, 1857. "I had no more hair on my head than an infant, seven months ago. It is now thick, healthy, growing rapidly, and of a fine, dark color. I can positively say that J. RUSSELL SPALDING'S Rosemary, obtained at 27 Tremont street, opposite the Museum, has produced this change."—SARAH J. LORD.
